TRAINS

Nevada & California trains, south bound, arrive at Wabuska at 12:55 p. m. and leave at 1:15 p. m.; north bound trains arrive at Wabuska at 3:50 p. m. and leave at 4:10 p. m. Trains connect at Churchill with stub train for Dayton and Carson. The above time is Mountain time, which is one hour ahead of meridian time.

BRIEF MENTION.

—Father Ryan was an arrival from Bodie Thursday.

—C. F. Holland received a new safe yesterday for the Hotel Yerington.

—Hank Summers took his departure yesterday for Tonopah on mining business.

—E. A. Dyer moved into his new residence on Nevada street the first of this week.

—Dr. Carpenter has leased the Bernard residence and will bring his family here from Chicago at once.

—Ira Wagoner left for Carson Monday to remain a few weeks for his health, and will probably visit Walley's Springs also.

—Ira Wagoner and family and Ernest Wagoner and wife have moved into their new residence on Pearl and Nevada streets.

—Messrs. Barber and Selby, a couple of Stockton mining men, were arrivals here Thursday to look at some copper properties on the east side owned by M. Segal.

—Doc Leavitt has become tired of the stagnant water standing in front of his residence and store after every rain storm and is filling in the potholes with quartz and gravel.

—Ben Lancaster, a prospector, came in from the Reservation the first of the week with some fine looking ore which he has found a ledge of just outside of the line. He is having some tests made of the ore.

—Mrs. Dr. Hess was an arrival from San Francisco the first of the week on a visit to Mrs. D. Emerson. The Dr. is expected to arrive in a few days. He is connected with the Pacific Hospital in San Francisco.

—Some samples of ore from a claim in the Mount Grant country, owned by Oliver Peartree, shows gold in large quantities. The rock is a honeycomb white quartz, and after pounding the quartz up you can sift the gold out dry on a piece of paper.

—Messrs. Littell and Davidson, who recently formed a partnership to carry on the lumber, furniture and hardware business have become the agents for the Truckee Lumber Co. at this place. A new sign, painted by Blanchard, announces this fact.

Honey Crop Sold.

J. S. Armstrong, representing the Gregory Fruit Co., of Colton, Cal., was here this week and has purchased the entire honey crop of Warren and Leavitt. This consists of between 50 and 60 tons of comb honey, for which 9c was paid, and 10 or 15 tons of extracted honey at 5c. Mr. Armstrong will probably purchase the balance of the honey raised here, which will be about 40 or 50 tons more, making the output for the valley this year something like 115 tons. Mr. Armstrong says that Mason Valley honey beats all the honey in the world.

New Depot for Wabuska.

The long talked of new freight and passenger depot for Wabuska was begun this week Thursday. The lumber for this structure has been on the ground for some time. A force of eight carpenters is now at work and the building will be rushed to completion as soon as possible. It will be located just east of the present depot and will be large and commodious, but just what the dimensions will be we have not learned.

Sioux Visitors.

Three quite noted Sioux Indians paid Mason Valley a visit the first of this week. Their names are Cloud Horse, Chasing Hawk and Bear-Come-Out, all from the Rosebud Agency in South Dakota, and their object here was to see Jack Wilson, the Indian prophet, on some important business. Capt. Dave accompanied the three Sioux from Reno. They are large, good looking Indians, seemingly intelligent, but stoical and reserved. They held a pow-wow at the Indian camp above Bovard's Sunday night, talked with Jack Wilson and smoked the pipe of peace all round. They made Wilson a present of a beautifully carved stone pipe, and, having accomplished their end, just what, was not made clear to us, left for their homes Monday morning.

The Morning Sun Mine.

Drysdale and Wilson, who own the Morning Sun mine, situated on the East Walker River about twelve miles south of Yerington, expect to begin some extensive development work on the property very soon. A contract which they recently let to run 100 feet of tunnel has been completed, and a fine body of ore has been opened up which averages 10 to 12 per cent. in copper and \$3 in gold. With development work continued this property is liable to prove a valuable one.

New Safe Arrives.

A large new safe arrived here last Saturday for the Lyon County Bank. The safe is of the Mosler make, manufactured in Hamilton, Ohio, and we understand cost something like \$2,000. It weighs several tons and is a complicated piece of machinery, guaranteed to be fire and burglar proof. The purchase of this new safe was made necessary by the increase in the business of the bank and the amount of money that is now necessary to keep on hand.

Visits His Boyhood Home.

A. L. Daniels, wife and daughter, of Confidence, Tuolumne county, California, arrived here Wednesday to visit J. W. McAllister and family. They were accompanied by Mrs. J. C. Harrell, Mr. McAllister's mother, and made the trip with a team. Mr. McDaniel spent his boyhood days and is well and favorably known here. His father at one time owned the Jim Smart ranch and the Bluestone mine.

Visitors from Utah.

E. M. Clark, E. W. Clark and Frank Pierce, of Salt Lake City, Utah, paid Yerington and Mason Valley a visit the first of this week to look over the mining situation. They are interested in the property of which Mr. O. H. Sonne is superintendent, and after visiting that property and others in the district left here Tuesday morning very much pleased with what they saw, and of the opinion that this section will soon be known as the greatest copper-producing district in the state.

The Unique.

Mrs. J. Sweat and Mrs. Lizzie Baker have opened a fancy goods store in the Sweat residence and are prepared to do plain and fancy sewing at reasonable prices. They will also carry a select stock of novelties in their line. This is a business that should pay here, and your patronage should go to these people instead of away from home.

Horse Strayed

There strayed from the Jim Wright ranch, on East Walker, last week, a buckskin colored mare, aged 10 years; S brand on left hip; two collar sores on shoulder. Finder of animal will obtain suitable reward by returning mare to J. W. McAllister, Yerington, Nev.

Notice to Women of Woodcraft.

All members of the Order of Women of Woodcraft are requested to be present at the next regular meeting, August 8, 1906.

MARY E. BROOKS, G. N. NELLIE J. MEISSNER, Clerk.

Tamale Parlor.

You can get nice, hot chicken tamales at all hours at the parlors of Mrs. W. R. Hayes, on Virginia street. Try them. You can also get fresh bread and doughnuts, and pies and cakes baked to order.

Two New Towns for Lyon.

The new mining camp of Ramsey, which is now attracting so much attention, is in Lyon county, and the new town of Apache, on the line of the Nevada and California road, only about ten miles from the camp of Ramsey, is also in Lyon county. This latter town will no doubt become the supply point for the mining camp, as it is the closest point on the railroad. For the present the best place to outfit and secure supplies is Dayton.

Ramsey is making good by extracting from several leases shipping ore, and this ore is going to the Nevada Reduction Works at Dayton. From all accounts the camp will be a good one, and the town of Apache ought to grow into a good business place with the trade of the mining town coming that way.

When Registration Closes.

As there is some misunderstanding as to the time the registration books close this year, the editor of the Elko Independent submitted the matter to Judge Brown and got his opinion. After reading the law, Judge Brown held that the books close this year at 6 o'clock p. m. on Saturday, September 8. The law reads that the books shall be open on all legal days from and after the 1st day of June and prior to the 10th day of September prior to any general election. As the 10th day of September falls on Monday this year, the last legal day for registration will be Saturday, September 8. Voters should make a note of this and not put off registration until it is too late. Remember that you must register this year before 6 o'clock p. m. on Saturday, September 8 if you want to vote.

Yerington Copper King.

The Yerington Copper King Mining Company is the name of a new company formed in Salt Lake recently to develop some copper claims in this district. It is capitalized at \$1,000,000, the par value of each share being \$1. The officers of the company are W. H. Booth, President; J. H. Turner, Vice-President; Wm. Keyting, Secretary; Wm. B. LaVeille, Treasurer. These, with J. W. Heywood, constitute the Board of Directors. The property is that known as the Craig claims, lying a short distance southwest of Yerington. It is very promising ground and is located in a proved copper belt. Development work will show up a good mine without doubt.

New Lighting Plant.

A. M. Rich has been here this week installing another X-Ray Acetylene gas plant. This plant is being put in to furnish light for the Littell store and his dwelling house, the Davidson residence and the new assay office of Wood and MacPherson, and has a capacity of forty 24-candle power lights. These plants give a nice, clear, strong, light, which is not hard on the eyes. The light can be increased in intensity by using a mantle, also. Mr. Rich asserts that these plants are perfectly safe, being a great improvement on the kind that were put in use some years ago. They certainly give a very nice light.

Inspecting Copper Properties.

J. I. Coddington, a mining man of Denver, Colo., was an arrival here Thursday looking for copper properties. Mr. Coddington has so far only visited a small portion of the district, but is very favorably impressed with what he has seen. He has been located in the southern country for a few months, and expressed the wish that he had dropped into this district before all the developed properties had been taken over. He has seen things in the shape of copper properties that look good to him, and is representing people who may take interest enough in some of these prospects to secure them and develop them.

New Building.

Contractor Arendts has begun the erection of a three-room cottage on J. C. Gallagher's lot on Center street, west of Main. This cottage is just south of the Vailencour residence, and will, when completed, be occupied by Will Lamkin and family. Slowly, but surely, the town is growing.

Smith Valley Items.

Mrs. George Simpson is on the sick list.

Mrs. Thielen is the guest of her daughter, Mrs. Ira Fallon.

Mr. Tidd and family left Thursday for their home in Oakland.

Cap Simpson is the owner of a new header and threshing machine.

The rain of last week did much damage to the hay that was not in the stack.

Mrs. Rivers and her daughter, Hazel, from Los Angeles, are visiting with Mrs. Landry and friends.

Miss Belle Cooke, of Dayton, has been engaged to teach the Wellington school for the coming term.

The Webster family, from East Walker, passed through the valley on their way to Lake Tahoe this week.

Will Reading, of Wellington, had the misfortune to injure one of his eyes very seriously while doing some hammering one day last week.

Miss Mabel McVicar entertained a number of her young friends in her usual delightful manner last Tuesday evening in honor of the Misses Tidd.

The members of the Quarterly Conference held their last meeting of Conference Year last Monday, and a unanimous vote was given for Rev. Nicholas' return.

There will be an exhibition at Sutro Heights on August "32" for the purpose of raising a fund to purchase an electric fan for the baths. The program will consist of the following events: High dive, low jump, hop-skip, scaling greased pole, etc. The contortionists are the world renowned Big and Little Casino and Little John. Admission, 25c. Later—Owing to the pressure of the atmospheric agencies of the school room Little Casino will unavoidably be absent.

Dayton Doings.

Harry Bonham left Tuesday for Ramsey.

Tom Mack, Jr., left for Ramsey Monday.

J. E. Monroe was in town this week on business.

Fred Johnson made a trip to Ramsey this week.

Miss May Scott returned from Reno last Saturday.

Miss Gertie Ruby is waiting on table at the Union Hotel.

Will Bender and child returned to Butte City Wednesday.

Mrs. Barrett, of Mason Valley, is visiting Dayton friends.

Mrs. Emmits, of Carson, was here Thursday on business.

Mrs. A. G. Keiler left for Carson Tuesday on a visit to friends.

Mrs. H. V. Clinton and children came up from Fallon last Saturday.

Mrs. Armstrong was down from Silver City Monday visiting friends.

Mrs. C. E. King and daughter, Clara, left last Sunday for Santa Cruz on a visit.

Mrs. Charles Nichols, of Sacramento, is here on a visit to her aunt, Mrs. James Millsaps.

Will Gerry and wife and children were arrivals this week from England on a visit to friends and relatives.

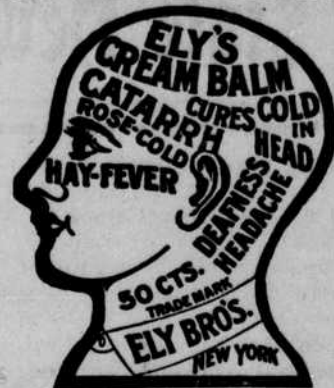

Telephone Line Nearly Ready.

The telephone line being constructed to Buckskin from this place will most likely be in operation next week. The line will be an extension of the present system and extend from the Blue-stone to the camp of Buckskin, taking in the Douglas and Ludwig mines on the way. This extension is being constructed by H. Hironymous personally and is not the property of the Yerington Electric Co.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.
